

steps to becoming CSEP CERTIFIED

Get ready

- Review the certification requirements.
- Purchase the required (for CSEP-CPT) and the recommended CSEP-PATH® Manual from store.csep.ca.
- Consult the CSEP recommended course maps at csep.ca/rcm.

Apply

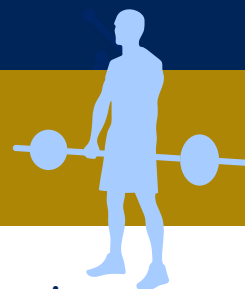

- Submit and pay for your application to determine if you're eligible to pursue a certification.

Wait 2-3 weeks for CSEP to review your application.

Prepare for exams

- It is recommended that you take a Skills Review session to help you prepare. Visit csep.ca/exams to learn more.
- Review the required and recommended study resources.

Exams

- Take your practical and theory exams.

You have 6 months from the date you pass your first exam to pass your second and register!

While you wait for your results, ensure you have a valid CPR-C certificate.

Register

- Register to be a CSEP member & begin enjoying all the member benefits!

It can take up to 3 weeks to process your registration & mail your member package.
